Election Edition - February 2015

Meet the Candidates

Drea Doffing - Supervisor D

I am the incumbent and running for my third term. My professional experience includes: Chairman of the Board in Castle Rock Township from 2012 to present; Board Supervisor from 2009 to present; involved in the utilities industry for 20 years, which is a plus for our township. We deal with a lot of utilities at the township level. As Chairman of the Board in my second term, I've helped to maintain a 0% tax levy for the last three years. I have worked to tweak our ordinances from past errors, and guided the process to recover \$75,000 from CapX2020 for maintaining our roads and infrastructure before, during, and after the project. I have met the past six years and its challenges to the fullest extent possible and I will continue to do so in my next term. The one thing that I have always strived for and will continue to strive for, is maintaining the integrity of this agricultural community.

Jon Juenke - Supervisor D

I am a life long resident of the Castle Rock/Empire Township area. I am currently serving on the Castle Rock Township Planning Commission and also serve on the board of the Emmanuel Cemetery in Castle Rock Township. I am running for a seat on the board of Castle Rock Township because I strongly believe the board is here to help the residents of Castle Rock by listening and acting on their concerns and various permit needs. I want to be active in our Township so I can be aware of any and all issues which come along. I am very passionate about keeping agriculture as a top priority and I would appreciate your vote in the upcoming election.

Michael M. Kiefer-Supervisor E

I have a Ph.D. in psychology, am an author, and the president of Powermind Systems Inc. I am an adjunct professor at 9 colleges and a consultant for dozens of state agencies, law enforcement & military groups, and corporations throughout Minnesota. I have lived in the township for 25 years. You can be assured I will be an ethical board member, treating everyone fairly, with no financial interests or family favoritism. In the past, I served on the board for 3 years. I believe when you take the oath of office that it means you should serve the people that elected you, not rule over them. The township is small and can easily have its land and landowners abused by public works projects, such as the CAPX 2020 power lines and MinCan oil pipeline. No one seems to care until a project is proposed on their land and it gets taken or devalued. If elected I will speak up and fight for your rights to protect your land.

Sandra Weber - Supervisor E

I grew up in SW MN on a dairy farm. Earned a Bachelor of Science degree in Human Resources Management from St. Mary's University in 2008. I have been a Castle Rock Board Supervisor for 3 years, and am a representative on both North Cannon River Joint Powers Watershed and Vermillion River Watershed. Was on Castle Rock Planning Commission for 4 years, and have taken MN Assn of Township Short Courses. Was on Citizens Board that defeated Kramer & Sons Gravel Pit in Waterford Township. I will work within the township budget to keep Castle Rock taxes low. Have been an election judge for 30+ years. Active volunteer at Dakota City Heritage Village, and Co-Leader for VBS at St. Michaels Church in 2012 and 2013.
